References RU / рабочий список источников

Назначение

Этот файл содержит рабочий список источников. Он не является финальной академической библиографией. Для publication-grade версии нужно расширить источники по каждому домену и заменить слабые иллюстративные ссылки на primary/peer-reviewed/institutional sources.

Что ещё нужно добавить

- платные стандарты/учебники по биобанкам и архивному management, если будут доступны;
- конкретные documented cases для НИИ/промышленных объектов;
- военные/депо-регламенты только в открытой и безопасной форме;
- museum conservation источники по conflict evidence vs function;
- medical registries and arthroplasty revision literature.
